

Food Services at The 55 Activity Centre

The District of Squamish is very excited to announce that a request for 'Expression of Ideas' will be posted mid-December, encouraging community groups, non profit organizations, school programs, individuals, businesses etc. to submit their ideas/proposals on how we can successfully deliver food services at The 55.

The 55 Activity Centre is a hub for health, wellness, socializing, education, and arts. Day time programming is focused on meeting the needs of the 55+ population, while evening and weekend programming is open to adults of all ages.

After substantial public engagement the concept of 'food services' at The 55 Activity Centre was deemed imperative to making the Centre a successful gathering place for those in the 55+ community, and a successful hub for the creation of intergenerational connections amongst members of our community.

On behalf of Eagle Wind Café customers, **the District of Squamish would like to thank Caveman Grocer for having operated the café and for having provided delicious and healthy meals to our community.** The Eagle Wind Café's last day of service will be Thursday December 13, 2018 for the Theme Lunch at The 55 Activity Centre.

The Expression of Ideas will close on January 25, 2019.
